Has completed

PCC4U Module 1: Principles of Palliative Care

From the PCC4U suite of learning resources www.pcc4u.org.au

Learning Outcomes

On completion of Module 1, you should be able to:

- Analyse the factors that influence contemporary community perceptions about dying, death and bereavement
- Recognise how your personal values and beliefs about dying and death influence your responses and interactions with people affected by life-limiting illness
- Describe the core principles of palliative care
- Explore factors which inform decisions about who would benefit from palliative care and when palliative care is needed.
